## **Rationale**

Among several initiatives taken at various levels against the backdrop that entrepreneurship can be taught like any other discipline, the recent and a notable one is the establishment of the Ministry of Skill Development and Entrepreneurship (MSDE), by the Government of India.

The efforts will not just develop entrepreneurial and employability skills among the youth but will also deliver world class Learning and Management System (LMS) to equip potential as well as early stage entrepreneurs. Besides, Government's pan India programmes, viz. 'Startup India', 'Stand-up India', 'Make-in India', 'Digital India', 'Swachha Bharat (Clean India)', aim at further propelling entrepreneurship movement in India. Sculpting its mandate around the mission of nationwide promotion of entrepreneurship, R.K. SANSTHAN aids the efforts by training faculty members to impart learning in entrepreneurship as well as counsel youths to adopt this discipline as a career.

R.K. SANSTHAN, backed by over 35 years of experience in the field, the Faculty Development Programme (FDP) module to develop a cadre of trained faculty members involved in teaching entrepreneurship. This has been implemented successfully across the country and abroad.

The Institute has been receiving enthusiastic response for this programme from the academic community. **R.K.
